

NOTIFICATIONS

DESCRIPTION

Notifications help you manage your trailer fleet within your Landmarks. A Notification tells you via email or text that a trailer has arrived at or departed a Landmark. You can set up a Notification for any or all Landmarks and trailers in your network.

Quick Look – How to

- From the drop-down in top left corner of dashboard, choose **Notifications**.
- Select **New** and a **Rule**— Arrival, Departure or both. Name the Notification.
- Select **Accounts & Groups** if you have multiple accounts with XTRA Lease that you want to set up Notifications for.
- Select **Trailers** to set Notifications for individual trailers.
- Select the **landmark(s) you want to monitor**.
- Choose **Delivery options**: You can send an Email or Text to anyone.

FEATURES	REAL-LIFE BENEFITS
Automate your fleet management at specific locations.	Set up on-site operations to be notified in real time of trailer activity at their site.
Notification via text or email of a trailer's arrival, departure or both from any Landmark.	Automate some of your fleet management. Keep an eye on loads so you know when they reach their destinations.
An alert is tied to one trailer. Notifications are for any trailer arriving or departing within a Landmark.	Get regular and automatic updates on your pool counts, on trailers that are due for PMs, on trailers that are rented or leased.
You can name your Notifications to specify which trailers, Landmarks, Groups or Accounts to apply them to.	Share real-time updates with your customer automatically.

NOTIFICATIONS

Choose **Notifications** from the dashboard menu.

The screenshot shows the XTRA LEASE dashboard. A red circle highlights the 'Notifications' option in the left-hand menu. To the right, a 'Dormancy' chart displays three bars: a red bar for '8+ High' with a value of 5, an orange bar for '4-7 Med' with a value of 2, and a green bar for '0-3 Low' with a value of 11. A legend on the right indicates 'Moved in last 7 days' with categories: 15+ hours High, 5-15 hours Med, and 0-5 hours Low.

Choose **New**, name the notification, and choose a **Rule**. Fill in the options you want. Click **Add Notification** to save.

The screenshot shows the 'Notifications' configuration page. The 'New' button is highlighted with a red circle. The page is divided into several sections: 'Departure from Custom Landmark', 'Accounts & Groups' (with a table of trailers), 'All Landmarks' (with a list of landmarks), and a 'View Landmark on Map' section with a satellite image. A red circle highlights the 'Delivery Options' form, which includes fields for 'Email' (test@test.com), 'Text' (123-456-7890), and a phone number (999-999-9999). The 'Add Notification' button is also highlighted with a red circle.
